

Vintage Star

by Krista Koenig
ksak@cox.net

Just in time to celebrate Independence Day, join Krista to create this adorable and unique Vintage Star album. Packed with plenty of red, white & blue and with charm (hee, hee pun intended) to match it's the perfect place to put pictures of your 4th of July bash, love of your country or even to highlight a service member in your family.

Please bring the following items to class:

- medium brown ink; we're going to be doing A LOT of inking and you'll need your own ink pad
- medium brown marker; see above ☺
- adhesive – ZipDry & Fiskars foam squares recommended
- trimmer, scissors, pokey tool

The following item(s) will be available in limited quantities.

If you are able to bring them to class it would be appreciated.

- personal, manual die cutting machine; there will be several available but the more machines the less waiting to use one

Tools & Techniques Featured in this class:

- The Purple Monster – set nail heads & punch holes with ZERO effort and no noise either
- Spellbinders dies – the only dies available that cut, emboss and stencil
- inking – be prepared to get your hands dirty, we're going to ink this sucker all up!
- matting & creating dimensional embellishments
- wire tools – so easy to open and close jump rings for those cool dangly charms
- AccuCut dies – die cuts are still cool, I don't care what anyone else says!

This book includes 6 pages but you're welcome to use the die cut & machine to create additional pages for your book
